

The Master Lock NightWatch™ Deadbolt

*The only deadbolt that prevents an intruder from entering your home...
...even if they have your key.*

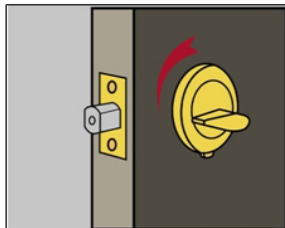

Key Features of Master Lock's NightWatch™ Deadbolt:

- Locks out all keys when engaged – blocking intruders from unauthorized access to your home
- Utilizes exclusive Master Lock patented technology
- Installs like a standard deadbolt with just a Phillips screwdriver
- Can only be engaged or disengaged from inside the house
- Safety release prevents accidental activation
- Simple to use
- Provides extra nighttime security
